. . . it was the age of wisdom, it was the age of foolishness, it was the epoch of belief, it was the epoch of incredulity, it was the season of light, it was the season of Darkness, it was the spring of hope, it was the winter of despair; we had everything before us, we had nothing before us.”

A yearbook captures the events of your school years and records them for you to keep forever, as that part of life which greatly influenced your future. As you look through the "People '73" yearbook, I hope you will remember many of your school days as the times you not only passed from class to class with the task of learning, but also as the days you met friends and classmates to share ideas, hopes, and dreams. Most of the people you see on these pages will be life-long friends. You would possibly never have had the opportunity of meeting them without the school and its activities and organizations.

The 1973 Annual holds many memories, so as you glance through it I hope you are reminded of one of your best years!

AND THE
STORY OF
THE
WORLD

Our
Principal

H. DAVID CLINK

"The challenges of life will disillusion you, down grade you, and in the end destroy your potential if you allow it. Despair may be overcome with hope, degradation will fall when you set high moral values for yourself, and your potential will be realized if you work. Do not allow adverse conditions of our society to make you less than you can be. Remember, only those who refuse to recognize their mistakes and do not care for the feelings and rights of others will suffer disillusion, degradation and in the annals of life will be labeled as failure."

"To the graduated of 1973; you have been an interesting and different group, as is every class, but yours is a different and very capable group. I predict that you will, as a whole, make quite a contribution to the business and professional life of this country. This will not happen, however, as fast as most of you would like to have it happen, but it will happen in due time. We need your ingenuity, your strength, and your perseverance. I hope that the time you have spent in the Hillman School system will serve as a support in the time of need. God bless you and the Best to each and every one of you."

"QUEEN ANITA"

Homecoming 1972 was a very successful campaign. Our Queen, Anita Benac, reigned over a victorious game thanks to our Tigers' 28-6 effort over Arena Eastern.

The game was preceded by the Homecoming parade with the Juniors taking first place in the float competition. Second place was awarded to the Sophomores & third went to Sixth grade and Special Education. The 28-6 victory capped a perfect day and set up the atmosphere for a victory dance in the school library.

CLASS PROPHECY

Creak! Groan! It sure is hard for the old crystal ball to move. 1978 rolled in pretty slowly for the class of 1973 reunion. Naturally, look who's here first--our sponsors, Mrs. Living and Mrs. Stevens. I think they want to get this started and finished without any accidents. Impossible!

Here comes a Pinto into sight. Must be Debbie Cadieux. Wonder if she can still yell as good as she used to at class meetings. Our ears still ring with "Shut up you guys!" Next into view is Evonne Klein. Hey, that sure is a handsome guy she's clinging to. I think I heard her say she was editor of the American Yearbook Company. I think CBS is sending photographers to cover this big event. Yes, here comes Gary Tree--smile everybody. Forget it, he forgot the film. Mary Bonner is trucking in now--she still has her working uniform on. How is the lab work, Mary? Watch out, here comes a whole crowd. Nancy Barrie, Phyllis Pennington, Kathy Rose, and Gloria Brown--the married ladies now. Whoops, here is another Mrs.--Anita Benac. She has been married now for seven years. Any little Benacs trailing along? Here comes Kandy Buhl--I mean, Smith. Look at all those little loggers tagging after her. It sure will be close as to who has the most children now.

Crowd is getting bigger now. Come on in everybody. There are Debbie Garrison and Michelle Connon. They run a restaurant and do quite a bit of dishwashing along with keeping house for their families.

Just spotted Vicki Shumaker. She is a secretary at the biggest hospital in Hillman. Maybe there is a handsome doctor in her future.

Next to drift into sight are Virgil Allen, Lewis Crawford, and Rod Amlotte. Virgil and Lewis took over a gas station and Rod became the town sheriff. Bet he really keeps those cells filled.

Rhonda Smith and Diane Hawley are coming through the door now. Rumors are that they are co-owners of a magnificent ranch in Colorado. They came a long way to visit their old friends.

Wow, what was that crash? I see it's Dianne Koenig. She still thinks she can drive better than Parnelli Jones' team. Wait a minute, folks--it was a two car crash. Rita Bates just smashed into Dianne. Guess this evening will have a few accidents, Mrs. Living. My gosh, she fainted!

David Barlog owns a hog farm in Royston now. I see he still has his sloppin' clothes on. Dan Basel went into the farming business, also. Bought his dad out with his life savings. His dad must have taken some loss.

Gee, something is really wrong with the crystal ball. No wonder, Dan Kennard just walked in with radar equipment on his back. Must get kind of heavy. I think he still has that dairy farm. Keep milking!

Here comes some elegant fellows. Gene LaFleche, Doug Klann, Mitch Lemcke, and Gary Marquardt are now starring on their own four man basketball team. They call themselves the Royston Rookies.

Keitha Cohoon and LuAnn Ballantine are just walking in the door. Here tell they are secretaries at a giant school in the large city of Rust.

Our entertainment for the reunion has arrived at last. Thad Beadle has his own rock group. We really have a treat in store for later tonight. I just saw Ruby Sheff and Linda Hieber in the lobby. They've agreed to do some singing and Ruby said she might even do her ballerina dance for us.

Bill and Pam Williamson bought back that polar bear farm in Florida. They also bought a new mink farm in Iceland. No wonder she is sporting a maxi-mink.

Mike Duesbout has a going business at Lake Avalon. He owns the whole lake. That gas station really brought a big price at the sale. I think one of our classmates bought it--Jim Williams, I believe. He became a self-made millionaire from that little station. You should've kept it, Mike.

Jim Shields just fought his way into the room. He is that famous boxer "Killer" we keep hearing about. He TKO a guy the other night and got fired because of it. It was his trainer he knocked out.

Galen Schalk decided to go into the snowmobile profession. Apparently he sells Sno Jets--that is what he rode up on.

Does anybody want to have an autograph signed? Teena Cameron and Glenda Johnson just got out of their new cars. They really made it big in Hollywood.

Dewey Elwood was almost late tonight. She couldn't find a sitter for her kids. The drive from Atlanta was a long one, too. How could she get lost with such a short distance to go?

Liz Neels took over the Rust Grocery. She expanded it into a chain store. She and the boss get along pretty good, they are married. Tom Shooks also went into the food line. He talked Mr. Morrison out of the IGA and now can take all the time off he wants--so long as his wife doesn't see him!

Wow, look at all those guys run. Hey, I hear something. It's the town barber with his electric scissors. Todd Wolgast really has a good business, but not with the guys in this class.

Roger Finley won Wayne Wire in a drawing so now he doesn't have to punch a time card. He promoted Linda Richway to Vice President so she does all the work.

Later this evening we'll have to propose a toast to the new married couple. Some girl finally tamed Alan LaFleche.

Pam Klotz told me she just purchased the Ponderosa. Now Ben Cartwright will have to move out.

Deb Miller and Kathy Cohoon are now beauticians. They have a two chair shop and can do one customer at a time. I still think they should have gone to school for training.

Deb Cordes is coach of that world re-nowned girls basketball team--Bev's Bombers. Lydia Farrier coaches for a college team. I guess their best record is 10 wins out of 20 games. The other teams cancelled their games and said the competition was too tough.

A maroon Pontiac just drove in, I should say dragged in. I can't believe Joe LaFleche still drives that car. His tape player can still be heard all over the school parking lot.

Grab your plates everybody. The catering truck just pulled up. That's Laura Lawrence climbing out. She is going to make some of her pizza specials. Get the Alka Seltzer, too. Here are two of her waitresses--Rose Haskell and Sue Harp. They decorated the pizzeria with all their art work.

Well, looks like it's time I closed the doors to the crystal ball and let this party get this party under way. Wait a minute--I hear someone knocking at the doors. Gee, I forgot all about her--she was late as usual. Come on in, Sandra Brandt! Now, everyone is here and the party can really start!!!

THE FHA CREED

We are the Future Homemakers of America,
We face the future with warm courage
And high hope.

For we have the clear consciousness of seeking
Old and precious values.
For we are the builders of homes,
Homes for America's future,
Homes where living will be the expression of everything
That is good and fair.
Homes where truth and love and security and faith
Will be realities, not dreams.

We the Future Homemakers of America
We face the future with warm courage
And high hope.

Hillman struggled through a rebuilding year, lacking in experience and height. It was a year when the other teams had a great deal of talent. Hillman excelled and led the league in defense. I wish I had the four seniors, Doug Klann, Gene LaFleche, Dan Basel, and Dan Kennard coming back so I could work with them. I felt the highlight of the year was our upset victory over Arenac-Eastern.

varsity cheerleaders

BACK ROW: Kandy Buhl, Debbie Cordes, CENTER ROW: Donna Slieff, Dianne Allen. BOTTOM: Linda Havermahl.

Like any other team, a Cheering Squad must rely on three main ingredients for its success: enthusiasm, ability, and discipline. This year's squad was fortunate to have met all three requirements. We will miss our two Seniors, Debbie Cordes and Kandy Buhl because of the experience and team spirit they brought to every game. Here's looking to next year for a real victory in the cheering corner!

This card is presented to

who has enlisted in the Regular Army this date under the
provisions of Army Regulation 601-2-0, for the enlistment program

Delayed Entry Plan; Unit of choice—

25th Infantry Division, Schofield

Barracks, Hawaii; Job training—

Course No. 201-05B2 (Radio Operator).

1 Dec 71 Walden T. Jones SSG 004-36-4655

Date Signature of Enlistment Officer Code and Address

We have too many good things to offer you to make any up (They’re so good you may think we are making them up) Read on

We won’t guarantee you anything we can’t pay off. (If we guarantee you Hawaii, start waxing your surfboard. You’ll need it.)

Everything we guarantee will be put down in writing. In a legal document that you get a copy of. (If you agree to sign for computer training and the Delayed Entry Option, it will all be spelled out in language you can understand.)

We want you to know without a shred of doubt that you’ll get everything you signed for. So we’ll give you this card. On the front is what you signed for. And on the back is an address to write to in the Pentagon, just in case you didn’t get what’s on the front.

We think today’s Army has a lot to offer you. We’ll try to convince you of that. That’s our job. But we’ll never try to mislead you. That’s our job, too.

Your Army Representative
